

About Us

Terrorz Roller Derby, like many leagues, is primarily funded by skater dues and sponsorship donations. The funds we generate from events are put right back into the next event or the cost of a practice space. Other costs we have include insurance, travel, hosting guest teams, conferences and clinics, and printing promotional materials. No skaters or coaches are paid and we all purchase our own skates and gear. We also do what we can to support our local community.

Advertising Reach

Terrorz Roller Derby currently has over 50 regular skaters and volunteers. Our bouts are attended by hundreds of people. Our website was viewed over 2000 times last year and our Facebook posts have reached up to 3000 people.

Non-monetary Sponsors

Goods and services can be converted into a sponsorship package. Some examples include: practice and event space, catering, merchandise, webpage design, poster and logo artwork, printing services, screen printing and photography.
